

MindLeaders - Offering Online Continuing Professional Education to Texas Certified Public Accountants

MindLeaders courses now offer you the opportunity to earn Continuing Professional Education (CPE) credit from the Texas State Board of Public Accountancy.

In Texas, CPAs are required to earn 120 Continuing Education credits during each three-year licensing period. By successfully completing any appropriate MindLeaders course, accounting professionals can earn CPE credits.

As a registered provider of online CPE in Texas, MindLeaders is proud to offer:

- A convenient method of earning required CPE credit.
- Access to courseware 24 hours a day, 7 days a week from your home, office, or anywhere with an Internet connection.
- Engaging, effective e-Learning courses with a high level of interactivity.

To earn CPE credits from MindLeaders, you must successfully complete any appropriate MindLeaders Course and retain your scores, evaluation, and Continuing Education application (all available within the courses). CPE credit from MindLeaders must then be reported to the Texas State Board of Public Accountancy.

Continuing Education Units

Continuing Education Units (CEUs) are a nationally recognized measure of completion of non-credit professional development learning activities by an approved provider. CEUs can be used to

- Provide employers with a history of an employee's professional development activities
- Apply for relicensure or recertification, as defined by state agencies or professional organizations
- Provide a basis for an employee's eligibility for a salary increase or promotion
- Provide a record for Lifelong Learning Tax Credits

To request CEUs for this course, print and complete each of the forms listed in the following table. Mail the completed forms with your payment to the accrediting institution.

Use this form...	To...
CEU Application	Supply the information needed by the accredited institution. This form also lists the institution's requirements for obtaining CEUs, the number of CEUs offered, and their cost.
Scores Verification	Verify that your scores meet the accrediting institution's mastery requirement.
Course Evaluation	Evaluate the course.

Disclaimer:

We have entered into an agreement with the Texas State Board of Public Accountancy to meet the requirements of continuing education rules covering the maintenance of attendance records, retention of program outlines, qualifications of instructors, program content, physical facilities and length of class hours. This agreement does not constitute an endorsement by the Board as to the quality of the program or its contribution to the professional competence of the licensee.
